DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Fraher.

Fraher discloses a combination spa, spa cover, and spa cover support assembly as claimed comprising a spa as claimed (see Fig. 1), a support assembly as claimed (see Figs. 6-9) with a telescoping two piece pole with a plurality of vertically disposed alignable apertures for acceptance of a lock pin (see Figs. 7-9), and a spa cover (780) disposed over the spa and the support assembly so as to form a conical shape in the spa cover as claimed.

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kopyar et al., Hager et al., Del Gorio, Sr., and Joor II disclose other support assembly for a spa.
